

Sweepers

1202

IPC Eagle

48" Vacuum Sweeper

Great Productivity

NDC (No Debris in Curve)
Automatic brush movement while turning to eliminate debris passing between the side brush and the main brush

MAX CAPACITY
Large hopper capacity

CAPACITY
Large sweeping path

High Performance

SLS (Self Levelling System) automatic main brush pressure control

3 MICRON
Dust micro filtration

Dust flap for large debris collection

GENIUS System
Pre-programmed working settings

VARIABLE
Adjustable side brush rpm

Ergonomics, User Friendly

EASY
Easy to use control panel

VISIBILITY
Great working visibility

EASY
Effective discharge system due to separate controls for hopper raise and tilting

AUTO STOP
Automatic stop (by pedal release) in working mode

Low Maintenance Costs

NO TOOLS
Main brush replacement without tools

NO TOOLS
Dust filter replacement without tools

AUTOMATIC
Self cleaning filter system

AUTO LIFT
Automatic main brush lift in reverse

Durability

PROTECTED
Heavy duty chassis in fully coated steel

PROTECTED
Maximum protection against impact

PROTECTED
Panel control switches protected against water and humidity

**NDC (No Debris in Curve)
Automatic brush movement
while turning**

- When turning the side brush moves inwards automatically.
- The system avoids uncollected debris between the side brush and the main brush.

Effective discharge system due to separate controls for hopper raise and tilting

- Manual assisted raising system by the means of two gas pistons. Maximum dump height of 39".
- Manual assisted hopper tilting system.

**SLS (Self Levelling System)
automatic brush pressure control**

- System that adapts immediately the brush due to a special shock absorber. The actuator moves only in case brush adapting requirements are higher.
- The system allows the brush:
 - to immediately and constantly follow all types of surfaces
 - to self adjust brush pressure until the brush is completely worn out.
- No need to check brush wear as brush replacement is indicated automatically on control panel display.

Technical data		1202 E
Max working width	Inches/mm	48"/1200 mm
Main brush width	Inches/mm	28"/700 mm
Productivity (at max speed)	Ft ² /m ² /h	90,420 Ft ² /8400 m ² /h
Dirt container volume	Gal/l	31 Gal/115 l
Max dumping height	Inches/mm	40"/1000 mm
Power supply		Battery 24V
Filter surface	Ft ² /m ²	44 Ft ² /4 m ²
Electric filter shaker		Automatic
Max speed	Mph/Km/h	5 Mph/7 Km/h
Weight (net)	Lbs/Kg	538 Lbs/244 Kg
Dimensions (LxWxH)	Inches/mm	61" x 37" x 47" 1550mm x 926mm x 1175mm

Pre-programmed working settings

- Three independent programs allow best settings for all types of applications. Filter shaker can be operated at any time. Each program can be fully personalized.
