## WHERE BETTER BATTERIES ARE BUILT TOUGH

GRID INVENTORY

**BULLDOG** Battery Corporation was founded in Chicago in 1977. In 1985-86, the company relocated to our present site in Wabash, IN. We have national and international distribution. Our modern manufacturing and shipping facility is approximately 115,000 sq. ft. under roof.

**BULLDOG** Battery Corporation manufactures a complete line of high quality lead-acid batteries for use in electric forklifts, order selectors, pallet jacks, etc. Our line also includes diesel locomotive and mine locomotive batteries as well as EE rated (Spark Proof) and EX rated (Explosion Proof) and special application batteries for industry.

QUALITY CONTROL STATION

**BULLDOG** Battery Corporation also offers a full line of quality ferroresonant, solid state battery chargers. They can be matched with your new **BULLDOG** battery to provide you with total capacity and value.

Sales, service and distribution of **BULLDOG** batteries and chargers are throughout the United States. Export sales and service is constantly expanding and includes, Canada, Mexico, Puerto Rico and other locations in Central and South America. Our network of factory authorized sales and service agents provide excellent service after the sale.

PASTING

These are some of the reasons why **BULLDOG** Battery Corporation has averaged 20%+ annual growth for the past several years. Our dedication to quality and customer satisfaction will ensure that this pattern of growth will continue.
